## Abstract

we used git and github to create a special restaurant ,we will discuss it in details in the next sections

## 1 Introduction

Our Restaurant Website one of unique Restaurants Because it combines two of the most Delicious food cultures -Los-Angeles and Chicago-.

u can choose what u like at first Los-Angeles or Chicago , if the user choose Los-Angeles , the main page of the Los-Angeles restaurant will appear with , if the user choosed the chicago section the main page on chicago will appear

## 2 Main pages In Los-angeles

the main page includes

- main
- Reservation for Los-angeles
- menu of Los-angeles
- about
- private events
- catering

## 3 Main pages In chicago

the main page includes

- main
- Reservation for chicago

Figure 1: enterance page

- menu of chicago
- about
- private events
- catering
